Parole Plan for:

Clive W. Kinlock AO# 32704

Honor Pod @ CCA

Progress Review

To: Montana Board of Pardons and Parole

Mr. Kinlock was denied parole in March 2009 for 8 years. He was given a progress review date for March 2014 at which time the BOPP would re-evaluate his status for possible release. We at CCA are recommending Mr. Kinlock for parole at his March progress review. This letter is to support and substantiate Prisoner #32704 Clive Wellington Kinlock's parole plan for his upcoming 2014 March Parole Board progress review.

Mr. Kinlock was ordered deported from the U.S. in 1993 by Immigration Judge Kenneth Joseph. A detainer was placed which states that upon parole, Kinlock, who is a citizen of Jamaica, must be turned over to immigration officers for the purpose of being deported from the United States, which he is asking for at this time. CCA supports and recommends that Kinlock be paroled to his INS detainer for said purposes, and has been deportable since October 19th, 1993.

We believe that prisoner #32704 Clive Wellington Kinlock has demonstrated that he is willing to fulfill his obligation of being a law-abiding citizen if granted parole. It would be hard to find even one staff member at CCA Shelby, MT that wouldn't support his release. It is our belief that Mr. Kinlock would not be a detriment to himself, or any community he decides to re-enter. We consider him a model prisoner who has demonstrated positive attitudes and courteous behavior since his arrival at CCA in January 2012. He adjusted well and earned his way to the honor pod where he continues to be a positive influence to his peers. He is enrolled on our education department and has taken several courses: Eastern Religion, Anger Management (Purple Book class), Creative Writing, and currently, Communication Initiative. He has also been working on his autobiography.

Mr. Kinlock has continued with all BOPP recommended treatment requirements and is treatment complete, fulfilling all court-ordered treatments, as well as maintaining **13 years** clear conduct.

Mr. Kinlock was baptized while at CCA and hopes to work in ministry upon his release. He has very strong family support and in May of 2012 was married to his fiancé who spends every visiting day with him. In preparation for their life together in Jamaica, they have secured a bank account at the Jamaican National Building Society Bank and have arranged for housing in Montego Bay, Jamaica, W. I. in the event he is given parole.

Many positive changes have occurred in Mr. Kinlock's life since he was transferred to CCA and we believe he will do well if allowed the privilege of parole. CCA is recommending Mr. Kinlock for parole at this time. We appreciate the Board's consideration in this matter.

Letter of Support

For: Mr. Clive Kinlock

To All Concerned:

We the Officers here at Montana State Prison, having been working very close with Mr. Clive W. We find no cause or any reason to consider Mr. Kinlock a security risk or danger to any officer, or danger to any inmates in this institution, We consider Mr. Kinlock not only a model prisoner, but one that should be considered non-dangerous. In fact, his caring about people makes Mr. Kinlock a very special prisoner to all officers and inmates in this institution. RE: Clive Kinlock AO#32704

A handwritten signature in black ink, appearing to read "Erik Wilkerson", is written over the "FROM:" line of the letterhead.

I'm writing this letter in support of Clive Kinlock. As the Director of Education and Habilitative Services I have worked with Clive in many aspects. Clive is a graduate of the "Life Skills" program and now acts as a mentor in that program. Clive is a gym worker in the recreation program and has been one for more than three years. He is a positive force in an institution that's not known for its warm fuzzy feeling.

The life skills program was created about two years ago as the need became ever apparent. Clive has been a willing participant both as a student and as a mentor. His positive influence has been a blessing to many of our inhabitants. As a recreation worker Mr. Kinlock performs the task as requested.

Clive works very hard in his position as a worker and swamper. He takes pride in what he does and is willing to step up when necessary. He's well spoken and has a good outlook as to what his future holds.

Mr. Kinlock has turned a dire situation into a learning experience and I think he is ready to take the next step in his life. He looks at everything as a potential tool for future use. His support system exists on the outside and he views the future as something he is ready to tackle.

If you have any questions concerning Mr. Kinlock please feel free to contact me at Montana State Prison.
